SECTION 28, COPYRIGHT LAW.

IN FORCE JULY 1, 1909.

That any person who willfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

PUBLISHERS' NOTE.

The information in this book is gathered as far as possible by actual canvass, and is compiled in a way to ensure maximum accuracy. The publishers cannot, of course, guarantee the correctness of information furnished them nor the complete absence of mistakes, hence no responsibility for errors can be assumed, but we will welcome the bringing to our attention of any inaccuracies so that correction may be made in the next Directory.

DESCRIPTION

OF THE

ATTRACTIONS, ADVANTAGES, AND RESOURCES OF

SPRINGFIELD, MASSACHUSETTS

Third City in Population, Second in Assessed Valuation in Massachusetts.

FURNISHED BY THE

SPRINGFIELD CHAMBER OF COMMERCE, MASSACHUSETTS

Springfield is the center of a spider's web (minus the spider), with many lines of railroads leading to it. The city is 99 miles from Boston, 136 from New York city, and 103 from Albany, with many prosperous towns and cities lying in between. Many of the people living in these towns and cities patronize Springfield stores so that Springfield, with a population of 150,000, is the trading center for 700,000. Railroads, trolleys, and good highways bring the trade to the city, and the stores and shops are always busy and prosperous.

SPRINGFIELD—THE CITY OF SERVICE

Springfield is the natural center of distribution for New England. It has been compared a great many times to Western cities in its being a live wire, and because of the energy and activity of its wide-awake citizens. One of the finest examples of their loyalty to the city is the Municipal Group which stands as a testimony to the generosity and civic pride of the citizens.

SPRINGFIELD IS FAMOUS

Springfield is famous as the home of the Springfield Armory, with its great history, both past and present. The Springfield Rifle is known throughout the world. Likewise Springfield has other world-wide known industries, such as the G. & C. Merriam Company, publishers of Webster's Dictionary; National Equipment Company, candy machine manufacturers; East Springfield branch of the Westinghouse Electric and Manufacturing Company, fractional horse-power motors, radio equipment; Indian Motocycle Co., manufacturers of Indian Motocycles; Wason Manufacturing Company, steam and electric cars; Kibbe Bros., confectionery manufacturers; Milton Bradley Company, kindergarten supplies and games; Smith & Wesson, manufacturers of revolvers; and Rolls-Royce of

America, manufacturers of automobiles, a recent addition to Springfield's industries. Springfield is the home of skilled mechanics.

There are 400 industries, located in metropolitan Springfield. Annual value of manufacturing product over $200,000,000. Annual pay roll $40,000,000.

BEAUTY AND ATTRACTIONS OF THE CITY

Springfield is known as "The City of Homes," and rightly can claim this title from many other cities described in the same way, for the beautiful parks (951.96 acres) and boulevards in the city, with the stately homes under great trees, are indeed charming. Forest Park, given to the city through the munificence of E. H. Barney and many other generous citizens, with an area of 755.87 acres, is one of the finest public parks in the country. The drives in and around Springfield are many and beautiful.

THE HISTORY OF SPRINGFIELD

William Pynchon and a band of brave followers founded Springfield in 1636, and on May 14 the town was organized. The early days involved many vicissitudes with the Indians, picturesque incidents, and affairs of marked bravery. In 1647 a large addition was made to the territory of Springfield by the General Court so that the city included Westfield, Suffield, some of Southwick, West Springfield, Holyoke, Agawam, Chicopee, Enfield, Wilbraham, Somers, Ludlow, Longmeadow, and Hampden, but since then these have become independent cities and towns, although all were originally a part of Springfield.

In 1672 the village of Springfield was burned by Indians, but, Phoenix-like, arose.

In 1812 the southern part of Old Hampshire County was named Hampden and Springfield became a shire town. A Court House was erected in the town in 1821. On May 25, 1852, Springfield, with a population of 12,500, was incorporated as a city, and on May 25, 1886, the city celebrated its 250th anniversary; on May 25, 1911, in a delightful manner the 275th anniversary was likewise celebrated. The spirit of ancient and modern Springfield is embodied in the world-famous statue of Deacon Samuel Chapin, by Augustus Saint-Gaudens, which stands at the corner of Chestnut and State streets.

AS AN EDUCATIONAL CENTER

Springfield is noted as second to none in the excellence of its public schools. With three High Schools, a Vocational School, a large number of grade and private schools, also parochial schools, it maintains a high standard. There are 44 public schools in the city, including three High Schools and a Vocational School. The International Y. M. C. A. College and the American International College are also located in this city.

Like all New England cities it has many churches—65 churches and religious societies—and many noteworthy ones among them.

Springfield is the home of the Hampden County Improvement League, which was organized in 1913 by a committee of the Springfield Chamber of Commerce for the purpose of creating a better understanding between the business man and the farmer.

It is also the home of the Eastern States Agricultural and Industrial Exposition (another outgrowth of the Chamber of Commerce activities, organized in 1916) which organization has already gained a country-wide reputation. The attendance at the exposition of 1923 was 300,000.

BUILDINGS OF NOTE

Notable buildings in Springfield are: The Municipal Group; the Public Library; Springfield Art Museum; Museum of Natural History; Springfield State Armory; Massachusetts Mutual Life Insurance Company building; Springfield Fire and Marine Insurance Company building; Hall of Records; Union Trust Company building; the Third National Bank building; the Chapin National Bank and the Hampden Savings Bank; the Y. M. C. A. building; the three High School buildings; Stearns building; Hotel Kimball (headquarters of the Springfield Chamber of Commerce and convention bureau) the Bridgway Hotel; Colony Club, and the Myrick Building; Security Building; Masonic Temple; Federal Land Bank buildings and $6,000,000 Union Station built by B. & A. R. R. finest in the east.

SOCIAL ADVANTAGES

The social advantages are many, and the club life is indeed delightful. There are various charities in this city which are very active. The Y. M. C. A. and the Y. W. C. A. occupy their own buildings; the Boys' Club, an institution offering social recreation to over 1,500 boys, is splendid for youthful exuberance; the Girls' Club, doing excellent work for the girls; the Womens' Club; the Nayasset Club, which is one of the leading men's clubs of New England; the Colony Club, which is located in the million dollar residence of the late D. B. Wesson; the Winthrop Club, and the Country Club, of Springfield, all housed in their own buildings; besides the Springfield Business Womens' Club, the Rotary Club, Kiwanis Club, Publicity Club Exchange Club, Lions and many other Clubs, literary and social, make the city a pleasant place in which to live as well as to work.

The proposed Americanization Council will co-ordinate the activities and be representative of the thirty units of Americanization service in the city, so that adequate co-operation may be rendered the City Government and its branches of service in this very important problem.

NEWSPAPERS AND OTHER PUBLICATIONS

The principal newspapers of Springfield are the *Springfield Republican*, with an international reputation; the *Springfield Union*, which is doing much towards the upbuilding of Springfield and western New England; and the *Springfield Daily News*. All of these papers are of a high grade, and the city is fortunate indeed in having them published here.

TRANSPORTATION FACILITIES

The transportation facilities of Springfield are excellent. Over two hundred trains a day enter and leave the city on the three lines of railroads which enter here, New York, New Haven and Hartford, Boston and Albany, and the Boston and Maine.

TAXABLE VALUES, ETC.

Real Estate (1926)	$268,866,670	
Personal Estate	34,483,840	
Total assessed		$303,350,510

Tax Rate (1926) $28.60

All taxes are assessed in Springfield at a fair cash market value.

GAS AND ELECTRIC RATES

Gas rate, $1.35 per thousand.

Electric Light rate, 7 cents per kilowatt.

Electricity for manufacturing purposes—1 to 5 h.p., 5½ to 5 cents per kilowatt; 6 to 20 h.p., 5–4½ cents; 21 to 35 h.p., 4½–4 cents; 36 to 50 h.p., 4–3¾ cents; 51 to 75 h.p., 3¾–3½ cents; 76 to 100 h.p., 3½–3¼ cents: minimum charge, $1.25 month per h.p.

SPRINGFIELD CHAMBER OF COMMERCE

The Springfield Chamber of Commerce with a membership of 2,600 ranks with the principal commercial organizations in the United States. It has a national reputation, and is the only Chamber of Commerce which has acted upon all of U. S. Chamber of Commerce referenda. The executive staff is composed of an Executive Vice President, general secretary and four associate secretaries, and a clerical staff of 24 persons. Its activities include a well organized live Convention Bureau, Credit Reporting Bureau, Industrial Department and an active Retail Merchants' Association. It is located in the annex to the Hotel Kimball, built especially for its use, where a permanent exhibition of a number of Springfield's manufacturing industries may be seen. Address all inquiries for information to

BEN A. HAPGOOD,
General Secretary.

MUNICIPAL WATER WORKS

The works are in charge of a Board of Water Commissioners consisting of Edwin A. Blodgett, chairman; Dr. George L. Fenn and Mayor Fordis C. Parker, ex officio; Howard M. King, supt.; Leland G. Carlton, asst. supt.; Alfred R. Hathaway, clerk and water registrar; Elbert E. Lochridge, chief engineer. Office, (319) City Hall. Service Building and Yard, 71 Colton. Office hours, 9 am to 5 pm; Saturdays 9 am to 12 m. Telephones: (applications and information), River 6100; (work and trouble calls, day or night), River 6800. The supply of water is taken from the Westfield Little River watershed, situated principally in the towns of Blandford, Granville, and Russell, and by means of the following storage structures.:—

	Capacity in Gallons
Borden Brook Reservoir (impounding),	2,500,000,000
Intake Reservoir (diverting),	40,600,000
Sedmentation Basis (before filtering),	38,7000,000
Provin Mountain Reservoir (after filtering),	17,000,000
Total,	2,596,300,000

The former supply from impounding reservoirs in Ludlow and Belchertown is also retained at present for towns of Ludlow and Wilbraham and for emergency uses, and, with its storage capacity of 1,434,218,000 gallons, makes an aggregate available storage capacity of 4,030,-518,000 gallons.

Range of pressure on mains for day and night as follows: Main street level, maximum, 147 pounds, average, 140 pounds. Hill section level, maximum 87 pounds, average 80 pounds.

The entire supply of city water to any premises is furnished by meter only and at meter rates; the necessary meters are installed by the water works at the expense of the consumers for the initial cost of the meters and connections only.

The cost of ordinary care and repairs of all meters is borne by the water works; the cost of unusual repairs (necessitated by freezing, hot water, etc.) due or attributable to any carelessness or neglect on the part of the consumer, will be charged to the consumer or owner.

METER RATES.

(Subject to all rules and regulations).

For each 100 cubic feet (748 gallons) of water as registered or estimated for each independent premises* the rates shall be as follows:—

For the first 5,000 cubic feet or less per quarter, at 22 cents per 100 cubic feet (about 30 cents per 1,000 gallons).

For all excess over the first 5,000 cubic feet per quarter, at 5 cents per 100 cubic feet (about 7 cents per 1,000 gallons).

Where the aggregated total use for one independent premises* amounts to 750,000 cubic feet or more in any one quarter, the entire quantity will be charged at 5 cents per 100 cubic feet.

Subject to the following minimum quarterly charges:—

(a) Single dwellings and double houses or blocks (of two or more ground-floor single-tenement sections), each tenement not less than $2.00 per quarter.

(b) Tenement houses, apartment blocks, etc., each tenement or apartment not less than $1.50 per quarter.

(c) Business blocks, manufactories, and other industrial plants, elevators and motors, each bill for each independent premises*, not less than $2.50 per quarter.

Special for Elevator Uses — Where the total or aggregated quantity for operating one or more elevators on each independent premises* amounts to 33,000 cubic feet or more in any one quarter, and is metered and billed independently of all other uses, the entire quantity will be computed at 5 cents per cubic feet; but no bill hereunder shall be rendered at less than $25.00 per quarter.

*Business and industrial buildings of more than one section, and adjoining or adjacent buildings, under one independent ownership as a plant (if not separated by a street or by any other buildings or premises under another ownership), may be considered as one independent premises, and, as such, subject to the computing and billing of the foregoing meter rates. In all other cases the supply through each service and meter shall be computed and charged as separate and independent bills.

Each quarterly period will be computed and charged for independently of any other quarterly period, and the rates therefor shall be paid accordingly.

When a meter from any cause fails to register the consumption of water, the quantity shall be estimated and the charge made based upon the registration by the meter when in order or upon the registration for a corresponding prior quarter or period.

Builders' Uses—Where water is to be used in the construction of ordinary framed buildings, or for small building operations where the use may be easily estimated, the meter installation may be temporarily deferred, as an accommodation to the owner or builder, until the completion and occupancy of the building, and a nominal estimated flat rate may be charged for builders' use of water to the owner of the property, who will be held responsible for such use and the payment of such charge.

The Water Registrar and the Supt. shall determine all cases where the foregoing provisions may apply, and each case shall be considered independently of any other, but no such estimated charge shall be less than $1.00.

Miscellaneous and Temporary Uses—In certain cases of miscellaneous and temporary uses of city water, where the quantity used may be small, the charges for same may be estimated instead of being shown by meter, at the discretion of the Water Registrar and the Supt.

The Water Registrar shall have the right to require an advance deposit as security for the payment of water bills, when he shall conside it for the interest of the city to do so; such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due the City on account of the water works shall be payable at the office of the City Collector, Room 137, Municipal Building, Court and Pynchon streets **within twenty days** after the same are rendered and become due.

Inquiries and claims for correction should be made at the office of the Water Registrar, Room 319, Municipal Building.

Unpaid water bills are a lien on real estate.

BUYERS' DIRECTORY

It's Practical Uses

To give permanence to paid-for publicity.

* * *

To detail more fully the products and service of industrial, commercial, financial and professional activities.

* * *

To form a quality background by the better use of type and paper.

* * *

To create a department of those in each community whose stability has built the foundation upon which progress has been attained. (The length of this advertising service automatically eliminates investments for space by those who question their ability to continue business activity.)

* * *

To safeguard the buyer by eliminating statements that mislead, or do not conform to business integrity.

* * *

Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

The

Morris Plan Company

of Springfield

Is an institution designed to extend financial accommodation for constructive purposes to wage earners, salaried employees, small merchants and professional men and women, advancing funds for immediate use and providing a convenient plan for repayment.

Loans are made on the following terms:

Amount of Note	We Charge	You Receive	You Pay
$ 50.00	$ 4.00	$ 46.00	$1.00 for 50 weeks
100.00	8.00	92.00	2.00 " " "
150.00	10.00	140.00	3.00 " " "
200.00	12.00	188.00	4.00 " " "

Loans $200 and over discounted at 6%

Loans Made on the Signatures of Two Friends as Guarantors. Collateral loans for any amount secured by Savings Accounts, Stocks or Bonds Discounted at 6%. Repayable on the Same Terms as Above.

THE COST of a Morris Plan loan, when paid according to agreement, is only from one-third to one-half the legal or lawful rate allowed by the State of Massachusetts on loans of $300 or less. We do not charge a higher rate than the accommodation is worth in order that loans may be made without investigation and to everyone regardless of their reputation.

TO OBTAIN a Morris Plan loan it is not necessary to make an assignment of your wages or to jeopardize your home by giving a chattel mortgage on your furniture.

An account with The Morris Plan Company is proof that you have a reputation for paying your obligations and that you have friends who have faith in you.

Applications and further information may be obtained at our office or by mail

Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

The Price & Lee Company

Superfluous Hair Removed by Electrolysis

OVER two score years ago, Dr. Mitchel, oculist, of St. Louis, evolved a method of using electricity for the permanent removal of ingrowing eyelashes. Soon after, his friend, Dr. Hardaway, conceived the idea of using this method for the removal of Superfluous Hair from the human face. Today, physicians everywhere, recommend this method as the only sure way of obtaining permanent relief from this annoying condition.

For thirty-seven years this office has employed *this* method—*the* method discovered by one, and employed by ALL the old masters, the single electric needle process, in painlessly disposing of these disquieting blemishes *for all time.*

You are invited to phone, write or call for complete information and demonstration sitting without obligation.

Absolute Privacy *Strictest Confidence* *Physicians' References*

Operating on regular schedule.
SPRINGFIELD TO BOSTON, NEW-YORK AND PHILADELPHIA

MOVING?-
get a Sulli-VAN

(whether its a houseful or a chair)

PACKING
STORAGE
PIANO
MOVING

The super fleet of de luxe SULLI-VANS that plies daily between the principal cities of the East will transport your furniture surely, speedily, SAFELY. For every one of our drivers is trained to exercise the same care as though the property belonged to HIM instead of to YOU. Just entrust it to a Sulli-VAN and then forget it!

Sulli-VAN FURNITURE EXPRESS

A brand NEW service!—we accept anything from a full load to a single piece of furniture

Operating on regular schedules between Springfield, New York, Philadelphia, Boston and way points (see map).

This service is cheaper than shipping by freight, for it saves expense of crating—and think of the time saving!

J. J. SULLIVAN

ALPHABETICAL DIRECTORY

ITS PRACTICAL USE IS TO GIVE

Information—as to the complete name of each person over twenty years of age.

Information—as to the occupation of each person over twenty years of age.

Information—as to the address of each person over twenty years of age.

Information—as to nature and activities of firms and partnerships.

Information—as to names of each member of firms and partnerships.

Information—as to the names of corporations, their nature and activity.

Information—as to the correct spelling of each and every name.

Information—as to whether a person is a "householder" (h) or "resides with" (r).

Information—as to what is the wife's name of each married man.

Information—as to what was the husband's name of each widow.

Information—as to the location of removals from city.

Information—as to the age and date of death of persons appearing in the preceding directory.

Information—as to those seeking prominence and prestige by display type.

—Finally—

Our Ideal

"If it has a name and location—its here"

SPRINGFIELD, MASS.

"Springfield Has as Fine a Department Store as Any City in New England"

How often have you heard Forbes & Wallace, Inc. compared with the great stores in our surrounding cities? The visitor's opinion invariably is that Springfield people have shopping facilities in this store which are not equalled in any other city of Springfield's size.

Forbes & Wallace, Inc. is a store conducted as a Metropolitan Store serving a great metropolis. That is the secret of its success as an outstanding organization in its own community.

Forbes & Wallace, Inc.

Springfield, Mass.

Forbes & Wallace, Inc.

Observatory Restaurants

Men and women find luncheon here an enjoyable break for the middle of a busy day. The food is always tempting, the service perfect and the atmosphere decidedly restful.
